

Our 2023 Goulburn Show Stand.

The theme of this year's Goulburn show was "Colour my world". So the committee decided to produce a rainbow to satisfy that theme. Members first met at Helen McAleer's place to decorate a rainbow frame of chicken wire and

bricks made by John Nankivell. Members had previously created many more paper flowers from coloured serviettes. They came laden with red, orange, yellow, green, blue and purple. After a lot of sore fingers and chatting, when it was finished, Helen provided everyone with tea and coffee.

On the Friday before the show, ten members gathered in the show pavilion to set up and dress our stand, On it was the paper flower decorated rainbow, various pots of flowers, some magazines to give out and a "Please Take One" box of our club's join a garden club brochures. The flowers gathered and supplied by the members were just magnificent, especially as most gardens don't have a lot in flower at this time of the year. It was rumoured that many of the flowers were from friends and neighbours gardens! All the magazine went along with about 40 brochures.
